

Kintyre Local Goose Management Scheme – Eligibility Table

Agricultural land which lies within areas of high goose use and supports a suitable crop as follows:

Criterion	Zone	Kintyre
Goose use*	Feeding zone	> or = 181 goose days/ha (> or = 1.0 goose/ha)
Crop	Feeding zone	Rotational/ productive grassland

* Goose use is calculated from the 6-year rolling mean goose use of each field (181 goose days per season, 1 goose per hectare)
