Q6. 1) Does the 2017 draft guidance provide a clear explanation of the methodology and general principles for assessing the impact of development proposals on Wild Land Areas

Yes

**Comments/explanations:**

It is so,so important that we are clear as to wild land classifications now, and that we commit to sticking to them in the future. The heritage of our wild lands, not to mention their value economically and spiritually, is so important to Scotland's future we must do everthing we can to preserve them without any threat to their existence

Q7. 2) Are the examples within Annex 2 helpful in illustrating the approach to assessing impacts?

Q7. 2) Are the examples within Annex 2 helpful in illustrating the approach to assessing impacts?

Yes

**Comments/explanations:**

I believe that SNH is the right body to determine classifications
