

# Community Empowerment (Scotland) Act 2015 – Asset Transfer Requests

## Scottish Natural Heritage

### Annual Report 2017-18

#### Reporting Period

The period of this report is 23 January 2017 to 31 March 2018.

#### Summary of Asset Transfer Requests

Number of requests received	0
Number of requests agreed	0
Number of requests refused	0

We have had several enquiries about potential transfer requests for our land and properties and have held/are holding active discussions with a number of community groups and their representatives across Scotland which may lead to requests being submitted in due course.

#### Awareness Raising

Scottish Natural Heritage publishes its [asset register](#) on its website, together with a [map](#) showing the locations of our rural landholdings. We have also published a [Rural Land Asset Management Plan](#) that sets out how we manage our land and lists which properties we believe can be better managed by others. The [website](#) also invites those seeking further information to make enquiries to the relevant SNH area office. Formal transfer requests can be made via a dedicated mailbox ([communities@snh.gov.uk](mailto:communities@snh.gov.uk)).
