

General Licences

GL 03/2021: To kill or take certain birds for the preservation of public health, public safety and preventing the spread of disease

General Licences allow authorised people to carry out activities that would otherwise be illegal under the Wildlife & Countryside Act 1981 (as amended). They cover situations where we are satisfied that there is no other satisfactory solution in respect of the species to which they relate and the circumstances in which the licensed action may be taken.
